Commissioner

To All Kentucky Law Enforcement Personnel:

The Training Schedule and Calendar for the Department of Criminal Justice Training in 2007 is filled with new and challenging training opportunities for Kentucky law enforcement.

In 2007, we return our focus to advanced individual training, both technical and skills for the law enforcement community. We also build on the Homeland Security training acquired during 2006 with enhanced specialty courses. Leadership training remains a top priority as we help build future leaders in Kentucky law enforcement.

The 2007 Training Calendar is provided to all Kentucky law enforcement agencies in the Commonwealth. This schedule is also found on our website at www.docjt.ky.gov

Many individuals at the Department of Criminal Justice Training have contributed long hours in order to shape this new training schedule. My deepest appreciation is extended to all those who developed and coordinated this schedule.

We wish you every success during this new training year.

Sincerely,

A handwritten signature in black ink that reads "Horace Johnson".

Horace Johnson
Director
Training Operations Division

Telecommunicator Professional Standards (TPS)

The Telecommunicator Professional Standards Act establishes minimum qualifications for employment and certification as a telecommunicator in Kentucky. The Kentucky Law Enforcement Council has been authorized by statute to administer the certification process.

Career Development Program

The Kentucky Law Enforcement Council is also responsible for the Career Development Program. The program is open to law enforcement officers/telecommunicators, and provides structure to the training process through career tracking. The program will acknowledge and reward officers and telecommunicators whose training and academic efforts are aligned with career objectives.

PEACE OFFICER TRAINING REQUIREMENTS

Basic Training: KRS 15.380 to KRS 15.404 requires the certification of State Police officers, city, county, and urban-county police officers, deputy sheriffs (except those identified in KRS 70-045 and 70.263(3)), state or public university safety and security officers, school security officers, airport safety and security officers, Alcoholic Beverage Control field representatives and investigators, and investigators of the Division of Insurance Fraud.

To be certified, KRS 15.404 requires peace officers to successfully complete, within one year of appointment or employment, 754 hours of basic training at a school certified or recognized by the Kentucky Law Enforcement Council. This includes all full-time, part-time, and auxiliary officers, whether paid or unpaid.

Excepted from the basic training requirements are sheriffs, coroners, constables, jailers, Racing Commission security officers, and the Commissioner of State Police. Federal peace officers cannot be certified.

In-Service Training: KRS 15.404 requires peace officers annually to successfully complete 40 hours of in-service training approved by the Kentucky Law Enforcement Council. Courses must be approved prior to attendance for KLEFPF/POPS credit. Exempt from the in-service training requirements are sheriffs, coroners, constables, jailers, Racing Commission security officers, and the Commissioner of the State Police.

Those same employees of agencies that do not have the CJIS terminal are required to successfully complete a minimum of 128 hours of basic training in a Telecommunications Academy for the Non-Terminal Agency within twelve months of their employment. Full-time law enforcement telecommunicators in the state of Kentucky are also required to successfully complete eight hours of Telecommunications in-service training each calendar year thereafter (KRS 15.560(2)). Police & Telecommunicator Academy Reservations

DOCJT recognizes the need of its client agencies to plan for the efficient and effective screening, hiring and training of its peace officers and telecommunicators. To assist with that process the Department makes allowances for the fair and equitable reservation of training slots for the basic training academy.

- After publication of the Training Schedule, agencies may reserve slots without a trainee named. When the employee is not yet hired and/or completed POPS or TPS, simply complete the form 29-1, insert the word “reserved” in the blank for the name of the trainee, leave the social security number blank and submit to the Registration Section via fax at (859) 622-2740, U.S. Postal mail or e mail at DOCJT.Registration@ky.gov.
 - Once the trainee is identified, their name and social security number is to be forwarded to Registration as soon as practical.
 - Each Agency may reserve slots for any two future classes at any given time during the training calendar year.
 - Slots reserved without a trainee named are only guaranteed to 8:00 a.m. 21 calendar days out from the beginning date for training. This is further defined as by the Monday 3 weeks prior to the start date for that class.
 - Failure to supply a name by that time will move that reservation to a standby status and move up any standby registrants with a completed 29-1 into that slot.
 - Should all slots be filled, the Registration Section will notify agencies remaining on standby that the class is full.
 - Vacancies can sometimes open at the last minute. The Basic Training Branch and the Telecommunications Branch will coordinate closely with Registration to fill these vacancies with the next senior standby applicant for that class.
 - It is advisable that any agency remaining on standby have their trainee ready to report to DOCJT on possibly very short notice.
- Any questions regarding this reservation system are to be directed to the respective Branch Manager’s office; Peace Officers at (859) 622-5032 and Telecommunicators at (859) 622-3386.
- Peace Officer Professional Standards (P.O.P.S) and Telecommunications Professional Standards (T.P.S.) testing schedule coordination remains the responsibility of the hiring agency. The agency should include ample time within their plan for the completion of all phases for these screenings.

TRAINING

Kentucky Justice and Public Safety Cabinet Criminal Justice Training College Credit Program

In 1998, the “Education Pays” campaign was introduced in an effort to bring awareness to Kentucky’s low national ranking in education attainment and the importance of education at all levels. The likelihood of better paychecks increases with the level of education or technical expertise. Therefore, the Department of Criminal Justice Training (DOCJT) has created alliances with Kentucky’s institutions of higher education and is removing barriers that traditionally impeded college enrollment. It is DOCJT’S goal for each Kentucky law enforcement officer to hold an associate’s degree at minimum as well as to understand the importance of higher education and quality training.

This document outlines educational opportunities for Kentucky law enforcement. Colleges and universities across the state and nation have recognized the quality, accredited training provided at the Department of Criminal Justice Training, and in response have awarded college credits for completion of basic training along with some Advanced Individual Training (AIT) and Leadership Development courses. These opportunities open the door to those law enforcement officers who understand the importance of higher education and the knowledge and advancement it brings.

The Department of Criminal Justice Training strongly encourage each law enforcement officer to take advantage of educational and training opportunities. In an effort to assist any interested officer, Supervisor Patrick Miller has been assigned as program coordinator with responsibilities for counseling law enforcement officers on educational opportunities, creating and maintaining alliances with institutions of higher education, and integration of “Education Pays” into the Career Development Program. Please contact Mr. Miller at (859) 622-5930 or patrick.miller@ky.gov for assistance and further program details.

Professional Development College Credit Opportunities

American College Testing (ACT):

The Department of Criminal Justice Training will pay all fees associated with the ACT college admission exam for eligible recruit officers. The ACT is a standardized, multiple-choice, college admission exam. It is accepted for admission by virtually all U.S. colleges and universities.

Eastern Kentucky University:

Recruits can apply to enroll as non degree-seeking students while enrolled in basic training. They may then choose to receive up to nine credit hours tuition free for completing basic police training. Furthermore, recruits who enroll at EKU after successfully completing basic training are eligible to receive an additional seven hours of EKU college credits in various topic areas at no charge. Students wishing to obtain these seven additional hours officers will need to contact their EKU college advisor.

University of Louisville:

Recruits can apply to enroll as non degree-seeking students while enrolled in basic training. They may then choose to receive up to 12 credit hours tuition free for completing basic police training.

The Union Institute and University:

Officers in Northern Kentucky may find it beneficial to take advantage of the college credit offered by the Union Institute and University in Cincinnati, Ohio. Recruits who submit official records of successful completion of the Department of Criminal Justice Training Basic Training program are eligible for 15 hours of undergraduate credit. Furthermore, an officer may be eligible for up to 12 additional semester hours based on a certified statement from the officers agency on his/her successful completion of a probationary period and further professional development courses.

Rio Salado College:

Officers who have completed the 18-week basic training course are able to obtain 39 semester hours in Law Enforcement Technology at Rio Salado College in Arizona. Students must submit a Credit by Examination Application from Rio Salado and pay \$16.75 per credit hour. Officers may then obtain their Associate of Applied Science Degree by applying to Rio Salado online at <http://policetraining.rio.maricopa.edu>. The additional 25 credit hours needed for the associates degree will be at the out of state tuition rate.

The Kentucky Community and Technical College System (KCTCS):

One of the partnerships that has been developed is with the Department of Criminal Justice Training and the Kentucky Community and Technical College System (KCTCS). Under the agreement, officers who successfully complete the 18-week Basic Training program are eligible to obtain 13 credit hours toward their Associate of Arts degree at the nearest Kentucky Community College.

Advanced Individual Training (AIT) College Credit Opportunities

College Substitute for In-Service Training:

The Kentucky Law Enforcement Council may accept the completion of one, three-hour college course in lieu of in-service training once every three years. This will enable Kentucky Law Enforcement Program Fund (KLEFPF) participants to advance their education and continue to receive their annual training stipend. Participants are required to have their department head's approval, complete the course with a "C" grade or above, and attend a regionally accredited university or college.
